CBCS : AI Tools And Techniques

Sessional - 2 (Important Questions)

1) Chess application (Software : Deep Blue)
 A) Architecture Diagram of Chess Application
 B) Explain Working Process

2) Alpha Go (Software : Deep Mind)
 A) Architecture Diagram
 B) Explain Working Process

3) Explain About Reflexive Agent and Model Agent

4) Geopardy Game application (IBM Watson)
 A) Architecture Diagram
 B) Explain Working Process

5) Explain About Deep Learning Algorithms and Real Time Applications ?

6) Discuss in Detail About the Role of Robotics in Day to Day Life ?

7) Various Applications in Reinforcement Learning ?

8) Discuss about How Ai is Better than Humans ?
